The award winning **Lustrolite** Panel brings life to shower walls & kitchen splashbacks

Lustrolite® is an advanced multi-layer acrylic sheet that looks just like glass. Lustrolite applications include shower walls, bathrooms and kitchens.

Weighing less than a quarter of a traditional glass sheet, Lustrolite has 20 times the impact strength. The colour is permanently fused to the clear layer and it is highly resistant to harsh chemicals, like bleaches and solvents, because of its unique hard coated surface.

# KEY BENEFITS

## Effortless to Install

Lustrolite is easy to work with and can be installed rapidly over new or existing wall finishes.

- Can be cut and drilled on site with no templating required
- Typical panel install takes about a third of the time of ceramic tiles
- Joints can be sealed with neutral cure low modular silicone. Alternatively joints can be sealed by using Lustrolite profiles

## Easy to Maintain

Lustrolite is easy to clean using warm water and a soft microfiber cloth or chamois. Strong chemicals are not required.

- No grouting and less joints
- Non-stick surface will not promote mould, bacteria, soap or calcium build up
- Highly resistant to typical shower and glass cleaners

## Luxurious and Elegant Finish

Each Lustrolite polymer panel is meticulously finished, perfectly smooth, and looks just like glass.

- High gloss lustrous surface
- Glass like depth of colour
- Will transform and add colour to any bathroom or kitchen

One of the most innovative products to hit the bathroom and kitchen market for years...
